

COVID-19 SAFETY PROTOCOL

Psyched
Services

WHAT WE DO TO KEEP STAFF & STUDENTS SAFE

Psychologists/BCBAs are vaccinated or complete weekly COVID-19 tests.

Psychologists/BCBAs complete a survey asking about COVID-19 symptoms and temperature every morning before entering a campus.

Psychologists/BCBAs are informed that they are required to stay home if they experience any symptoms of COVID-19 or to go home immediately if symptoms begin while on campus.

If district requirements are stricter than Psyched Services' requirements, our psychologists/BCBAs will follow the stricter guidelines.

Psyched Services' HR department reviews local and state guidelines regularly and will update psychologists/BCBAs of updated guidelines.

Psychologists/BCBAs are trained on this protocol and local and state guidelines before entering a school campus.

When entering a campus, our psychologists/BCBAs:

- Wear a face mask following state and county guidelines.
- Are physically distancing 6' whenever possible.
- Cover their coughs and sneeze with a tissue or the inside of their elbow.
- Wash their hands for at least 20 seconds with soap before and after seeing students.
- Ask students to wash or sanitize their hands before they meet with them.
- Take the student's temperature unless already taken by the school.
- Use a table shield to create a safety barrier between the psychologist and the student.
- Sanitize door knobs, desk, testing material, and desk shield before and after meeting a student.
- Use an air purifier, keep an open window, or work with students outside.
- Isolate students who display symptoms of COVID-19 and contact parents immediately to return the student home.

COVID-19 SAFETY PROTOCOL

PsychEd
Services

WHAT WE ASK FROM SCHOOLS TO KEEP OUR STAFF SAFE

District agrees to follow county and state guidelines in regards to physical distancing and wearing masks.

District will assist PsychEd Services staff with isolating students and contacting parents in case a student displays COVID-19 symptoms.

District sends COVID-19 Notice of Exposure to marlene@psychedservices.com if warranted.

District provides PsychEd Services staff with access to a sink with soap and disposable towels.

District provides PsychEd Services staff with a quiet outdoor testing space, a room no larger than 167 square feet, or a room with a window that can be opened.
