

# COVID-19 SAFETY PROTOCOL

1

Team members follow California state guidelines of showing proof of vaccination or being tested at least once per week when seeing students.

2

Team members follow district COVID-19 safety guidelines pertaining to mask wearing and using provided safety equipment.

3

Team members monitor their health and will follow California Department of Health Guidelines on quarantine and isolation.

4

Team members are trained on this COVID-19 safety protocol as well as on state and county guidelines before entering a school campus.

5

Psyched Services' HR department reviews state and local guidelines regularly and will keep team members updated.
